Postseason Appearances for College Teams refers to the 8-team College World Series; Postseason Appearances for High School Teams refers to the State Tournament.
Note: High School data was compiled/verified from extensive research through each individual National High School Sports Record Book from 1987-2011, through state high school athletic associations--and coaches associations--websites and follow-up phone calls/e-mails as needed to such organizations, athletic directors, and coaches, and a thorough review of newspaper articles and information available on the Internet. There is a reward being offered if information exists to show a team with a higher winning percentage, please contact info@eatonbaseball.com.
