**EatonBaseball.com wishes to thank the war veterans that comprise The American Legion. Their wartime service to our country has allowed us all to hold onto freedoms that are often taken for granted; their postwar service has helped millions of teenagers develop into young men through the lessons learned by the game of baseball.**

Since 1925, The American Legion, a wartime veteran's association, has sponsored American Legion Baseball. American Legion Baseball is the oldest and largest nationwide teenage baseball program in America. More than ten million teenagers have played American Legion Baseball since 1925. The success of American Legion Baseball belongs to the legionnaires and volunteers who donate hundreds of hours each summer to ensure players have an opportunity to play the game of baseball.
