

# REDS' GREATEST CLUTCH MOMENTS OF THE DECADE

## 2010-2015

The Reds won 372 spring and summer games over the course of the first six years of the decade, averaging 62 wins per year. That included 158 league wins and 61 postseason wins, including a remarkable total of 53 State Tournament wins, averaging 9 spring/summer State Tournament wins per year.

Some of these victories were by significant margins (for example, the Reds 10-runned 178 of their opponents, including 54% of their spring opponents), and the Reds' average score in victories was 11-3 throughout this period. But many of the games were close (60 of the victories were within 2 runs, 31 of which were decided by a single run), especially late in the season when it mattered most. These games required late-inning heroics, including many dozens of games where the Reds had to come back from deficits in the last couple of innings to win. The Reds' season was at times down to its final strike, but the Reds came through to mount heroic victories

Even a number of the games that ended in the Reds' favor by a comfortable margin were only decided after the Reds had "that one inning", where the Reds scored 5 to 15 runs to put away an otherwise tight ballgame. A number of comebacks and late-inning heroics have been eliminated from below to showcase only the Reds' Top 66 clutch moments of these 6 years. Of the 66 games listed below, the Reds trailed 37 times (sometimes by as many as 6 to 8 runs), were tied late in the game another 16 times, and had to hold onto 1 or 2 runs leads in nearly all of the other games listed below.

Note: In spring games, 32 teams qualified for State based on their league record. Then two single-elimination games were played in the Regional Tournament to advance 8 teams to a double-elimination tournament. Summer tournaments through 2012 included a double-elimination District Tournament in which the Reds needed to finish within the top 3-4 teams in order to advance to a double-elimination State Tournament. Starting in 2013, the top Legion B teams moved up to the Legion A High School division, and that eliminated the District Tournament and created a State Tournament for the non-graduate teams based on league record. Some recent seasons have had fewer late-inning heroics because the Reds put the games away early, below are the results from games that were in doubt late or that had the Reds trailing by many runs at any point; all 6 State Championship Game wins are included as well, even if they were determined early in the game.

In the top of the 7 <sup>th</sup> inning, Foos induced a foul popout to <b>Cory Dyer</b> , then recorded his 6 <sup>th</sup> strikeout, and then induced a groundout to shortstop Jackson to end the game and earn the Reds the NCBL Championship.
